Hospital-to-home care · For hospitals in Hyderabad

Your patients go home. *They stay connected to you.*

CuraLink keeps your discharged patients linked to your hospital: **your doctors follow them up, your nurses can serve them in their available time, and any escalation or readmission comes back to you.** Your pharmacy and lab fill what they need at home.

WHAT YOU GET

Your doctors stay connected
They consult and check in on their own patients at home, online or by phone, paid per consult.

Your nurses, in their available time
With your approval, your nurses take CuraLink home visits in their off-hours and earn extra.

Escalations come back to you
Warning signs go to your team the same day; readmissions come to your hospital first.

Follow-ups in your OPD
Every recovery plan books the review back with your doctors.

Your pharmacy and lab earn
Discharge medicines and home samples go to your own pharmacy and lab.

Beds free up sooner
Patients who can recover at home go home earlier, freeing beds for new admissions.

HOW IT WORKS

1. Choose one ward
2. Your doctors and nurses join CuraLinkPlus
3. Patients go home with one family account
4. Your team follows them up
5. Escalations come back to you
